

Österreichische Krebshilfe-KG Tirol

Forschungsförderungen 2015

Jahr 2015

15004		Georg	Altenbacher	MSc BSc	Division of Molecular Pathophysiology	Causes and consequences of aneuploidy	€ 20.000,00
15008		Luca	Fava	PhD	Division of Developmental Immunology	MCL1 degradation upon extended mitotic arrest	€ 20.000,00
15009	Mag.a Dr.in	Liane	Fendt		Division of Genetic Epidemiology	Mitochondrial DNA methylation as epigenetic risk marker for the development of prostate cancer	€ 20.000,00
15010	Assoc. Prof.in	Heidi	Fiegl	PhD	Department of Obstetrics and Gynecology	Diagnostic Biomarkers in Endometrial Cancer	€ 20.000,00
15013	Dr.	Sebastian	Herzog		Division of Developmental Immunology	Regulation of the oncogenic miR-17-92 cluster in cancer	€ 20.000,00
15017	Dr.	Verena	Labi		Division of Developmental Immunology	Molecular mechanisms of miR-17~driven B lymphomagenesis	€ 20.000,00
15021	PD Dr.	Natalie	Sampson		Department of Urology	Analysis of prostate cancer-associated fibroblast subtypes	€ 20.000,00
15024		Piotr	Tymoszuk	MSc PHD	Department of Internal Medicine VI	Development of an iron sensing system in breast cancer cells	€ 20.000,00
15025	Dr.	Julia	Vogt		Division of Human Genetics	Identification of a novel cancer-predisposing gene	€ 20.000,00
